

JULY 25, 2019
FOR IMMEDIATE RELEASE

PROSPECT EXCHANGE PARTNERS WITH ENDEAVOUR SPORTS GROUP

The Prospect Exchange is pleased to announce they have signed a partnership with Endeavour Sports Group for the 2019 -2020 hockey season. From their home base in Ontario, Canada, ESG has been advising and mentoring male and female hockey players throughout North America & Europe for the past 13 years.

This partnership allows ESG to strengthen the service they provide to their clients by tapping into the power of the video analytics provided by The Prospect Exchange.

TPE Managing Partner **John Becanic** offers high praise for Endeavour Sports Group and their President / CEO Mike Pilon. "This is an advisory group that truly puts the players first. Mike's commitment and progressive approach in helping his clients advance to the next level is unmatched." Becanic adds, "The response and positive feedback we've received have been overwhelming and we couldn't be more excited to be part of the process for ESG's athletes".

Pilon is equally excited about the new partnership. "Having known John for the better part of the last decade, and the quality of people he has surrounded himself with, we feel that this is a large, positive step in the right direction to help in our athlete's development and promotion. With the trends in today's game, we feel that this technology will be a great benefit for our clientele, and our program's operations."

If you would like to learn more about ESG and their advising and mentoring services, please contact Mike Pilon – President and CEO at (mikep@endeavoursportsgroup.com) or check them out on the web at www.endeavoursportsgroup.com, or social media @EndeavourSG.

For more information on The Prospect Exchange, and how they can benefit both coaches and players, please contact John Becanic at (john@theprospectexchange.com) or visit <https://www.theprospectexchange.com/>
